Assignment 9

Labelled Do While loop

Two examples-

```
1. package kodnestPractise;

public class DoWhilelabeleg1 {

    public static void main(String[] args) {
        System.out.println("start..");
        int i=1;
        angel:do{
            int j=1;
            riya: do {
                System.out.print("* ");
                j++;
                break riya;
            }while(j<=5);
            System.out.println();
            break angel;
        }while(i<=5);
    }
}
2. package kodnestPractise;

public class DoWhilelabelledeg2 {

    public static void main(String[] args) {
        System.out.println("start..");
        int i=1;
        first:do{
            System.out.print("FIRST");
            System.out.println();
            int j=1;
            do {
                System.out.println("@ ");
                j++;

            }while(j<5);
            break first;
        }while(true);
    }

}
```
